

# airscreen 1000

## 1" ELECTRONIC AIR CLEANER

### FEATURES & BENEFITS:

#### LOW PRESSURE DROP

means **BIG SAVINGS** in electrical, heating and cooling costs

#### UNIQUE "POP-UP" CORNERS

#### AFFORDABLY PRICED

with extremely low annual maintenance costs

### HOW IT WORKS:

The Airscreen 1000 operates on the principle of bi-polarization. It creates a polarized charge on the media pads inside the filter. This safe and simple process turns the Airscreen 1000 into a giant magnet that captures airborne contaminants such as smoke, dust, bacteria, viruses, and mold.

### POP-UP CORNERS MAKE MAINTENANCE A "SNAP"!
