

## UV AIR PURIFIERS

### *Improve the air you breathe.*

*You can protect your home and your family from allergy-causing mold with York's selection of air purifiers. These ultraviolet air treatment systems kill mold that would grow in the cool, damp interiors of your air conditioning system. This is the same technology that's long been used by water treatment facilities, adapted by York for safe, efficient home air purifiers.*

#### UV AIR PURIFIER

##### Specifications

- 4' x 8¾" x 2¾" (W x H x D)
- 36w 16" UVC Germicidal H-lamp
- 180  $\mu\text{W}/\text{cm}^2$ @1 Meter UVC Lamp Intensity Rating
- 120 VAC / 240 VAC Regulating Electronic Ballast
- QuartzCoat® Lamp Life Extension Coating (18,000 Hours) 2-Year Lamp Replacement
- Power Cord Disconnect (Appliance Coupler Design)
- Max 2,000 CFM or 4,500 SQFT
- 5-Year Ballast Warranty

#### UV AIR PURIFIER

##### Specifications

- 8½" x 7¾" x 2' (W x H x D)
- 50w 16" UVC Lamp
- Vectorflo Design to Deliver High Performance Kill Ratio
- 135  $\mu\text{W}/\text{cm}^2$ @1 Meter UVC Lamp Intensity Rating
- High Output Temperature Compensating (HOTC) 120v / 240v Ballast
- 24 SQFT Titanium Dioxide TiO<sub>2</sub> Anatase Semiconductor
- Max 2,000 CFM or 4,000 SQFT
- QuartzCoat Lamp Life Extension Coating (18,000 Hours) 2-Year Lamp Replacement
- Power Cord Disconnect (Appliance Coupler Design)
- 5-Year Ballast Warranty
