\* Annual Fuel Utilization Efficiency (AFUE) measures the amount of heat delivered to a home compared to the amount of fuel that is supplied to the unit. Higher AFUE ratings reflect higher efficiency.  
\*\* Testing showed, on average, a 20% reduction in sound when compared to previous Rheem gas furnace models.  
\*\*\* Registration within 60 days of installation, original homeowner and residential application only. See Warranty Card for full details. Protection Plus and KwikComfort website details apply to the U.S. market.
